RE: MTC TIP Revision No. 2013-04 – Amendment

Dear Mr. Aljabiry:

Please be advised that MTC recently made several changes to the 2013 Federal Transportation Improvement Program (TIP). TIP Amendment 2013-04 revises 221 projects with a net increase in funding of \$635 million. Among other changes, the revision:

- Amends 133 exempt and 11 non-exempt, not regionally significant One Bay Area Grant (OBAG), Regional Safe Routes to Schools (RSRTS), Priority Development Area (PDA) Planning, and Priority Conservation Area (PCA) funded projects into the TIP;
- Updates the funding plans of 16 existing projects to reflect the programming of funds from these programs;
- Updates the funding plans of three projects (REG110017, REG110010, and REG110015) and amends in nine exempt projects to reconcile the 2013 TIP with changes made as part of TIP Amendment 2011-35;
- Amends nine exempt projects, three non-exempt, not regionally significant projects, and the PE phase of one non-exempt project into the TIP;
- Updates the funding plans of five Transit Capital Priority (TCP) funded projects to reflect prior programming actions;
- Updates the funding plans and back-up listings for seven grouped listings (REG110042, VAR110045, VAR110001, VAR110003, VAR110005, VAR110037, and VAR110044) and the funding plan for one individual project listing (SON090027) to reflect the latest programming information;
- Amends one new grouped listing, SHOPP Roadside Preservation (VAR130001), into the TIP and archives the older version of this grouped listing (MTC050008) as the projects in that listing have been completed;
- Deletes four exempt projects from the TIP as the funding has been redirected; and
- Archives three projects from the TIP as they have been completed.

The modifications made pursuant to this revision do not require a new regional emissions analysis because the projects were found to conform as a part of a previous analysis, pursuant to the transportation conformity provisions found in 40 CFR Part 93 section 122(g). MTC's 2013 TIP, including Revision No. 2013-04, was developed through a continuing, cooperative, comprehensive transportation planning process in accordance with 23 U.S.C. §134 and 49 U.S.C. Chapter 53 and MTC's Public Participation Plan.

TIP financial constraint documentation submitted with this revision shows that MTC's TIP is financially constrained as required by the federal surface transportation programs authorizing legislation and statewide and metropolitan planning and programming regulations. MTC's 2013 TIP, as revised with TIP Revision No. 2013-04, remains in conformity with the applicable State Implementation Plan (SIP) for air quality and the revision does not interfere with the timely implementation of the Transportation Control Measures contained in the State Implementation Plan (SIP).

The revised TIP entries and the updated fiscal constraint documentation have been emailed to your staff and have been posted at MTC's TIP website at: <http://www.mtc.ca.gov/funding/tip/>. If you have any questions regarding this revision, please contact Sri Srinivasan of my staff at (510) 817-5793 or Adam Crenshaw at (510) 817-5794.

Sincerely,

Ann Flemer
Deputy Director, Operations
